Dale:

I hope this finds you well. Our firm now represents the University of Northwestern – St. Paul.

A few days ago, we filed a notice of silent status and request for silent STA for K288BF, Grand Marais, MN (Fac Id 63341). The problem was resolved much quicker than anticipated, and we filed a resumption notice today (attached). We no longer need the silent STA requested earlier, and I wanted to let you know that the silent STA request is now moot.

Also, with respect to K299AL, Albert Lea, MN, the Bureau granted the license to cover application a few days ago. The station is now fully operating as licensed and no longer requires the reduced power STA authorized in BESTA-20140710ACL.

Please let me know if you have any questions.

Regards,

Joe
