**Subject:** KDNM BESTA-20211221AAG DISMISSED 12/22

KDNM's last STA for temporary facilities, file number BSTA-2019o827AAM, expired March 11, 2020, and no timely request for extension was filed. Too much time has elapsed since the expiration for a request for extension of that authority to be considered now. Nor does yesterday's STA extension request give any information about what facilities the STA requests. Therefore the request for STA extension is DISMISSED.

You may file an STA request for a new STA and specify the operating parameters proposed therein.
