

Request for Extension of Special Temporary Authority

WLTH Radio, Inc. license of WLTH(AM), Gary, IN, FI. 38402, respectfully requests extension of its Special Temporary Authority, BSTA-20171011ABG as modified, to operate with silent authority at night.

The previous nighttime operation, pursuant to STA, became unworkable and the station, pursuant to STA, ceased nighttime operation.

The licensee is currently reviewing its options, which has been complicated and delayed by Covid, with respect to the nighttime operation including the preparation of a new modification application for nighttime operation.

Therefore, the licensee requests a 6 month extension of its STA.

Respectfully Submitted,

Pluria Marshall, President
