

**NOTICE OF REDUCED POWER OPERATIONS AND
REQUEST FOR SPECIAL TEMPORARY AUTHORITY
TO REMAIN AT REDUCED POWER**

Station: KSLP (FM), Fort Pierre, SD (NCE Station)
Facility Id: 174271
Licensee: University of Northwestern - St. Paul
FRN: 0006005672

Circumstances Requiring Special Temporary Authority:

KSLP was acquired by Licensee, University of Northwestern - St. Paul (UNWSP), on January 31, 2022. KSLP is licensed with a TPO of 1400 watts. However, UNWSP is now aware that the station is operating at only 887 watts. Given that UNWSP is not aware how long the station has been operating at reduced power, it has decided to file this reduced power notice immediately and to request Special Temporary Authority to remain operating at 887 watts. UNWSP is planning a site visit with a tower crew but, given the temperatures and regular winter weather, is unsure when the station will be back operating at full power. Therefore, UNWSP requests that the Special Temporary Authority to remain operating at 887 watts be for 180 days.
