Re: Mainstreet Media of Colorado, LLC (MMCL)
KKCL(AM), Golden, CO
Facility Identification Number: 161314
Special Temporary Authority (STA)
BESTA-20220125AAD

Dear Mr. Lontine:

This is in reference to the request filed on January 25, 2022. MMCL requests a further extension of the STA granted on December 17, 2018, to continue operating from an alternate site to allow time to file the required FCC Form 301 application due to loss of the licensed site.¹ In support of the request, we noted that MMCL will need additional time to prepare and file the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is GRANTED, and MMCL may continue to operate using the following facilities:

Geographic coordinates	39° 45' 59" N, 105° 14' 12" W (NAD 1927)
Frequency	1550 kHz
Hours of operation	day and night
Operating power	0.2 kW (day), 0.0875 kW (night)
Antenna type	36.6 meter long wire antenna

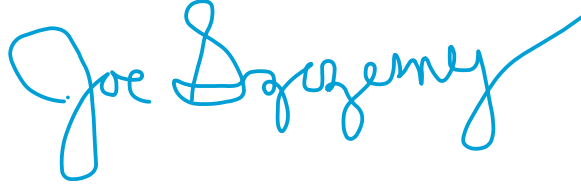

MMCL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See

¹ KKCL(AM) is licensed for operation on 1550 kHz with 0.99 kW ND (day) and 0.35 kW DA (night).

47 CFR §1.1310.

This authority expires on **August 6, 2022**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
