Exhibit 34

Description: Iglesia Nueva Vida of High Point, Inc. ("Licensee") licensee of WRJR(AM) (the "Station"), hereby requests an extension of its existing Engineering Special Temporary Authority ("STA") to continue operating at a reduced power of 12 KW. As previously reported, Licensee was forced off the air in 2019 due to fire damage caused to its antenna system and one of its towers. Although its antenna system has since been restored, the Station's main 20 KW transmitter remains in need of repair, necessitating the use of a back-up 12 KW transmitter. Accordingly, an additional extension of the existing STA is requested to operate at reduced power of 12 KW until the Station's 20 KW transmitter is repaired.
