Re: Monticello Media LLC (MML)
WCHV(AM), Charlottesville, VA
Facility Identification Number: 19838
Special Temporary Authority (STA)
BESTA-20220207AAK

Dear Mr. Reed:

This is in reference to the request filed on February 7, 2022. MML requests a further extension of the STA granted on September 22, 2016, to continue ND operation at reduced power to allow time to file the required FCC Form 302 application to cover BP-20200706AAD.¹ In support of the request, MML stated that additional time is needed to file the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is **HEREBY GRANTED**, and MML may continue to operate ND daytime-only with a maximum of 0.8 kW (as authorized by the construction permit). MML must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **August 15, 2022**.

¹ WCHV(AM) is licensed for DA operation on 1260 kHz with 5 kW day and 2.5 kW night, and BP-20200706AAD authorizes daytime only ND operation with 0.8 kW.

Sincerely,
