### Extension of Experimental Authority for a Radio Broadcast

#### Station

**Audio Division, Media Bureau**

**Date:** March 4, 2022  
**File Number:** 20220214AAA  
**Callsign:** WGCU-FM  
**Facility ID Number:** 69042

An extension of the Experimental Authority granted March 26, 2019 under file number 20190226AAV, is GRANTED, subject to all the terms and conditions specified in the original Experimental authorization. The licensee is responsible for addressing any complaints of interference that may arise.

This extended authority expires **March 26, 2023**.

Authorized by: Rodolfo F. Bonacci  
Assistant Division Chief

A copy of this e-mail will be posted in the FCC's CDBS database under the file number above. Please retain a copy of this authorization for your records.

---

#### Considerations:

Licensee must take all steps to ensure that workers and the public are not exposed to radiofrequency exposure in excess of the Commission's exposure limit.

This Experimental Authority does not supersede any non-FCC-regulated requirements applicable to the STA-authorized facility. The licensee remains solely and wholly responsible for maintaining compliance with such requirements.

A report detailing the methodology employed and the results obtained must be submitted within 90 days following the conclusion of the experimental operation.

Any request for extension of this experimental authority should be filed at least 30 days prior to the expiration date of the authority. Additionally, an extension request must include an interim report detailing the progress of the experimental operation as of the filing date of the request.
