**RE: Engineering Special Temporary Authority**  
WJDK-FM Seneca, IL  
FACID: 40728

Dear Madam Secretary:

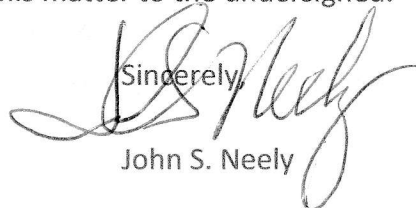

On behalf of Grundy County Broadcasters, Inc., licensee, you are respectfully requested to authorize special temporary authority for the above-referenced station to operate from its licensed tower site and RCAGL with reduced power.

WJDK-FM is operating with reduced power of 1.5 kilowatts E.R.P. because the final power amplifier tube will not sustain full, authorized power. In the past, it has typically taken fewer than 30 days to rebuild or replace the tube. However, the manufacturer - EconCo - advises that it anticipates the work will require approximately 60 to 90 days due to a staffing shortage and parts supply-chain delays related to the COVID pandemic.

This STA is in the public interest to facilitate the temporary operation of station WJDK-FM as an important source of local news, information and entertainment to its listeners.

Applicant certifies that neither applicant nor any party to the application is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.

Please address any questions concerning this matter to the undersigned.

Sincerely,  
  
John S. Neely
