**Re: WPCS, Pensacola, FL (Facility No. 52230)
Request for STA to operate with reduced transmitter power**

Dear Ms. Dortch:

Pensacola Christian College, Inc. ("Pensacola Christian College"), through its counsel, hereby requests Special Temporary Authority ("STA") to operate non-commercial educational Station WPCS, Pensacola, FL (fac id 52230) ("Station") with reduced transmitter output power of 5 kw pending repairs.

The requested STA is necessary to continue service to the public until repair of the Station's transmitter can be made. Until testing and repairs can be made, the transmitter manufacturer recommended reduction of the transmitter output power from 13.5 kw to 5.0 kw. The licensee is hopeful this can be accomplished within 30 to 60 days.

For the foregoing reasons, Pensacola Christian College respectfully requests an STA to operate the station with reduced facilities pending repairs. Pensacola Christian College will inform the Commission when the Station is able to resume operating pursuant to the terms of its license.

Pensacola Christian College, hereby certifies that neither it, nor any party thereto, is subject to a denial of federal benefits that includes FCC benefits pursuant to Section 5301 of the *Anti-Drug Abuse Act of 1988*, 21 U.S.C. § 862.

Please direct any questions regarding this matter to the undersigned.

Sincerely,

M. Scott Johnson

Counsel to Pensacola Christian College, Inc..
