RE: Silent STA request for K256CT Denver, Colorado, facility ID 155203.

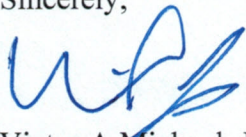

Dear Audio Services,

This letter is to notify the Commission that our FM translator Station, K256CT Denver, Colorado, facility ID 155203 is silent as of March 31st, 2022. The licensee, Mountain Community Translators, LLC ("MCT"), seeks a Special Temporary Authority to remain silent for up to 90 days while it builds out new facilities at a new transmitter site specified in a recently granted Construction Permit, number 0000184188 (granted 2/17/2022).

MCT needs some time to deconstruct the currently licensed site (BLFT-20180109ABW) and relocate transmission equipment to the new proposed transmitter site.

MCT will resume normal broadcasting as soon as possible.

Sincerely,

Victor A Michael, Jr.
Sole Member
