Portland, OR 97215

Re: Bustos Media Holdings, LLC (BMH)  
KGDD, Portland, OR  
Facility Identification Number: 71752  
Special Temporary Authority (STA)  
BESTA-20220415AAB

Dear Mr. Bustos:

This is in reference to the request filed on April 15, 2022. BMH requests a further extension of the STA granted on July 13, 2017, to continue operating from an alternate site due to loss of the licensed site facility.<sup>1</sup> In support of the request, we noted that BMH did not file an FCC Form 302 application to cover BP-20190213ABJ before it expired, and instead plans to pursue a pending construction permit for station KXET(AM).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and BMH may continue to operate with the following facilities:

Geographic coordinates	45°31' 09"N, 122° 36' 32" W (NAD 27)
Frequency	1150 kHz
Hours of operation	Day and Night
Operating power	0.01 kW maximum
Antenna type	Whip antenna (18 feet in length)
Efficiency	24.7 mV/m/kW/km

---

<sup>1</sup> KGDD(AM) is licensed for ND operation on 1150 kHz 5 kW (day) and 0.01 kW (night).

BMH must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310.

This authority expires on **October 17, 2022.**

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny", is written over a large, stylized blue loop that serves as a checkmark or a large initial. The signature is fluid and cursive.

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau
