Re: IHM Licenses, LLC (IHM)
KTSM(AM), El Paso, TX
Facility Identification Number: 69561
Special Temporary Authority (STA)
BESTA-20220414AAC

Dear Mr. Langham:

This is in reference to the request filed on April 14, 2022. IHM requests a final extension of the STA granted on October 21, 2021, to continue operating with DA parameters at variance pending further action on BMML-20211213AAK.¹ In support of the request, we noted that the application remains under review at this time by our staff.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and IHM may continue operating with DA parameters at variance based upon the information submitted in BMML-20211213AAK. IHM must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **October 18, 2022**.

¹ KTSM(AM) is licensed for DA operation on 690 kHz with 10 kW day and night, using different patterns.

Sincerely,
