Special Temporary Authorization

Dear Mr. Agosto:

This is in reference to the request filed March 25, 2008, on behalf of Centro Colegial Cristiano, Inc. ("CCC"). CCC requests extension of the special temporary authority ("STA") granted on December 26, 2007, to operate Station WVID with reduced power.<sup>1</sup> In support of the request, CCC provides a report of its repair efforts.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has made progress toward restoration of licensed operation, but additional time is required for completing the work. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WVID may operate with reduced power. **CCC must notify the Commission when licensed operation is restored.** CCC must use whatever means are necessary to protect workers and the public from

exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **January 17, 2009**.
