Dear AudioFilings,

WRUC has been off the air, temporarily, since 05/02/2022 due to the failure of the ENCO audio programming computer. A replacement has been ordered and operation will resume as soon as it is received and installed. I had some trouble reporting the problem because I was told by the FCC to use the LMS system and I just found out that the LMS system is not working to report temporary suspension of service. I received instructions to submit by email and have done so.

Thank you

Good Afternoon,

Please submit the date of silence, and the reason for the suspension of operation.

Thank You
