Re: KOKC (AM), Oklahoma City, Oklahoma (FAC# 73981); Request for  
Extension Special Temporary Authority File No. BESTA-  
202111103AAC.

Dear Madam Secretary:

On the behalf of Tyler Media, LLC, ("Tyler"), the Licensee of KOKC (AM), Oklahoma City, Oklahoma (FAC# 73981) ("Station" or "KOKC"), this is to respectfully request an Extension Special Temporary Authority ("STA") granted in BESTA-202111103AAC (STA Letter Attached). Tyler has recently been granted a Construction Permit to modify the Station tower system (see BP-20220203AAB, granted 4/22/2022). We anticipate this project to be completed in the next coming weeks, but out an abundance of caution we respectfully request an extension of STA for an additional 180 days.

Please find attached hereto a status update email from Scott Benton, Chief Engineer of KOKC. Also attached is the requisite Anti-Drug Abuse Certificate signed by Counsel. Pursuant to FCC *Public Notice*, DA 22-29, (released January 11, 2022) (the "Public Notice") this instant STA Request is being submitted by e-mail to [audiofillings@fcc.gov](mailto:audiofillings@fcc.gov).

Should there be any questions regarding this STA Request, please feel free to contact this Office.

Very truly yours,  
  
John C. Trent

Re: Tyler Media, LLC (TM)  
KOKC (AM), Oklahoma City, OK  
Facility Identification Number: 73981  
Special Temporary Authority (STA)  
BESTA-20211103AAC

Dear Mr. Tyler:

This is in reference to the request filed on November 3, 2021. TM requests a further extension of the STA granted on January 17, 2012, to continue operating using the shorter tower constructed in 2015 (due to destruction of the original antenna system) to allow time to file the required FCC Form 301 application to propose a new permanent facility.<sup>1</sup> In support of the request, TM stated that it plans to move forward with the project in the upcoming months.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and TM may continue to operate with the following facilities:

Geographic coordinates	35° 20' 01" N, 97° 30' 18" W (NAD 1927)
Frequency	1520 kHz
Hours of operation	Unlimited

---

<sup>1</sup> KOKC is licensed for 50 kW operation on 1520 kHz with a daytime ND antenna, and a nighttime DA antenna.

Operating power	10 kW (Unlimited)
Antenna type	new shorter tower constructed in 2015 for this STA
Overall tower height	59 m
Radiator height.	57.9 m
Antenna efficiency	316 mV/m/km/KW

TM must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR 1.1310. TM must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **May 18, 2022**.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large initial "J" and "S".

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau

**Subject:** RE: KOKC STA & CP

John,  
We are making good progress on KOKC. We have erected two of the three towers and will have the third completed very soon. After that we will install new coax lines and build the ATU's. We feel confident this will be the last STA needed.

Thank you,  
Scott Benton  
KOKC Chief Engineer

## ANTI-DRUG ABUSE ACT CERTIFICATION

The Applicant certifies that, in the case of an individual applicant, he or she is not subject to a denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. §853a, or, in the case of a nonindividual applicant (*e.g.*, corporation, partnership or other unincorporated association), no party to the application is subject to a denial of federal benefits pursuant to that section. For the definition of a “party” for these purposes, *see* 47 C.F.R. §1.2002(b).
