Re: Radio License Holding CBC, LLC (RLH)
WEEX(AM), Easton, PA
Fac. ID No.: 8596
Special Temporary Authority (STA)
BESTA-20220603AAB

Dear Mr. Denning:

This is in reference to the request filed on June 3, 2022. RLH requests a further extension of the STA granted on May 28, 2021, to continue temporary daytime ND operation to allow time to file the required FCC Form 302 application.[1] In support of the request, RLH stated that additional time will be needed to prepare and file the application to cover BP-20200225ACU.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

• Restoration of licensed facilities is complete and testing is underway;

• Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or

• No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and RLH may continue to operate ND daytime with a maximum power level of 0.32 kW using the taller #1(South) ASRN 1031820, with no change to the ND licensed 1 kW nighttime operation using

---

[1] WEEX(AM) is licensed for operation on 1230 kHz with 0.84 kW day (DA), and 1 kW night (ND), and BP-20200225ACU authorizes ND operation at 1 kW (day and night) using the shorter existing tower #2(North).

that same tower. RLH must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310.

This authority expires on **December 6, 2022.**

Sincerely,

Joseph Szczesny
