Re: Smile Broadcasting, LLC (Smile)
WSLK(AM), Moneta, VA
Fac. ID No.: 31212
Special Temporary Authority (STA)
BESTA-20220524AAA

Dear Mr. Ernandes:

This is in reference to the request filed on May 24, 2022. Smile requests a further extension of the STA granted on June 8, 2021, to continue operating with the long wire antenna at an alternate site to allow time to file the required FCC Form 301 application (due to loss of the licensed transmitter site).¹ In support of the request, Smile stated that additional time will be required to file the application to propose a new permanent facility (after obtaining zoning approval for a new site).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and Smile may continue to operate with the following facilities:

Geographic coordinates	37° 10' 01" N, 79° 37' 49" W (NAD 1927)
Frequency	880 kHz
Hours of operation	Daytime only

¹ WSLK(AM) is licensed for daytime-only ND operation on 880 kHz with 0.9 kW..

Operating power
Antenna type

0.15 kW (daytime)
42.1 meter long-wire antenna

Smile must reduce the daytime power level or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **December 14, 2022**.

Sincerely,
