Re: EDI Media, Inc. (EDI)  
KWRM(AM), Corona, CA  
Facility Identification Number: 39692  
Special Temporary Authority (STA)  
BESTA-20220621AAB

Dear Mr. Su:

This is in reference to the request filed on June 21, 2022. EDI requests a further extension of the STA granted on December 23, 2021, to continue operating from an alternate site using a temporary whip antenna pending further action on BP-20211110AAD (due to loss of the licensed site).<sup>1</sup> In support of the request, we noted that the application remains on hold at this time awaiting a curative tower registration amendment.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and EDI may continue to operate with the following facilities:

---

<sup>1</sup> KWRM(AM) is licensed for DA operation on 1370 kHz with 5 kW day and 2.5 kW night using different patterns, and BP-20211110AAD proposes ND operation from a new site with reduced power.

Geographic coordinates	33° 49' 01" N, 117° 30' 29" W (NAD 1927)
Frequency	1370 kHz
Hours of operation	Unlimited
Operating power	0.010 kW
Antenna type	Information Station Specialists ANXX vertical whip antenna
Antenna Efficiency	87 mV/m/kW at 1 kilometer

EDI must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310.

This authority expires on **January 6, 2023**.

Sincerely,
