Re: Family Station, Inc. (FSI)
KECR(AM), El Cajon, CA
Facility Identification Number: 20977
Special Temporary Authority (STA)
BESTA- 20220103AAK

Dear Mr. Evans:

This is in reference to the request filed on January 3, 2022. FSI requests a further extension of the STA granted on May 19, 2020, to continue operating daytime using the nighttime antenna system with reduced power due to equipment problems.¹ In support of the request, FSI states that it plans to complete all remaining repairs within the next month in order to restore licensed daytime directional operations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and FSI may continue to operate during the day using the nighttime pattern with a reduced power level of 1.87 kW (with no change to the licensed 5 kW nighttime directional operation). FSI must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. FSI must submit an FCC Form 302 application was filed with the audiofilings team to update all operating parameters if any changes are needed. Otherwise an e-mail must be submitted to my attention to note the date the station resumed licensed operations per BL-20070430CGQ with negligible changes to all engineering parameters.

This authority expires on **January 12, 2023**.

¹ KECR(AM) is licensed for DA operation on 910 kHz using different 5 kW day and night antenna patterns.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large initial "J" and "S".
