Re: Request for Extension Special Temporary Authority File No. BSTA-20170915ABB  
KGSV, Oildale, CA (FIN 54760)

Dear Sir or Madam:

On behalf of XL Media (CA) Inc. ("XL") (FRN 0025673724), licensee of the above-referenced AM station, pursuant to the Audio Division guidance issued on January 11, 2022, and January 25, 2022, we respectfully request special temporary authority for the station to operate at a variance from its licensed parameters.

KGSV is licensed to operate directionally from a four-tower array with a nominal power of 8 KW day and 6 KW night. Due to the destruction of the number four tower, as a result of a storm, KGSV is operating non-directionally both night and day from the number one tower at a nominal power of 1.59 KW until such time as tower number four can be replaced. XL has entered into an agreement with the landlord and received the equipment on site but has faced some unforeseen delays. Initially the weather was wreaking havoc, but most recently, the engineer working on the construction was diagnosed with Covid and has had a prolonged battle due to a respiratory infection due to asthma. He is recovering and expected back to work on August 1, with the hopes of completing the required construction by mid-September. A picture of some of the equipment at the site is attached hereto. XL respectfully requests an extension of the existing special temporary authority to operate the station at reduced power until such time as the construction of the replacement tower is completed. XL will promptly notify the Commission when the station resumes licensed operations.

A grant of this request is in the public interest as it permits XL to continue to provide its unique programming to its listeners in the Oildale area.

Undersigned counsel has been authorized by XL to state that neither XL nor any party to this application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.
