Please direct any questions concerning this matter to undersigned counsel for AMC. Thank you.

AM Station WDMJ, Marquette, MI (Fac. ID 24448)

AMC Partners Escanaba, LLC ("AMC"), licensee of AM Station WDMJ, Marquette, MI (Fac. ID 24448) (the "Station"), hereby respectfully requests a further 180-day extension of special temporary authority ("STA") to operate WDMJ with the transmitting facilities originally authorized to the predecessor licensee of the Station, Sovereign Communications, Inc., in File No. **BSTA-20191009AAK**, which was most recently extended in File No. **BESTA-20220112AAE**.

After consummating the assignment of license of WDMJ in March 2022, AMC began the process toward constructing a new transmitting tower for the Station. AMC ordered the steel for the tower and applied for a permit from the county needed to construct the tower. The permitting process hit a snag, as the county requested more information about the tower than AMC could provide from the manufacturer's catalog. AMC is currently working to satisfy the county's request. Thus, while AMC had hoped to construct the tower this month (August 2022), that does not appear likely at this time. Accordingly, a six-month further extension of STA is respectfully requested so that WDMJ may continue to serve its listeners.

I hereby certify that neither AMC nor any party to the application (STA extension request) is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.
