Good morning --

This email is being submitted on behalf of Base Communications, Inc. ("Base") pursuant to the FCC's Public Notice DA 22-29 (Released January 11, 2022) regarding the suspension of Consolidated Database System (CDBS) filings. The instant filing is not yet accepted in the Licensing and Management System (LMS).

Base requests that Engineering STA BSTA-20220222AAE for Radio Station WSGH-AM (72967) at Lewisville, North Carolina, be extended. Attached please find a Progress Report statement in support of this request. Base is actively working to resolve the technical issues so that WSGH can resume full power daytime broadcast operations, but additional time is needed.

In light of the foregoing, Base respectfully requests the grant of an extension of the current Special Temporary Authority for WSGH to continue to operate with reduced daytime power.

The FRN for Base is 0008 7119 21.

Neither Base nor any party to this request is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.

Please let us know what the CDBS File Number is so that we can submit payment of the requisite FCC filing fee.

Should any questions arise concerning this submission, please contact the undersigned counsel.

Thank you.
