Re: Mobile Radio Partners (MRP)
WVNZ(AM), Richmond, VA
Facility Identification Number: 52050
Special Temporary Authority (STA)
BESTA-20220810AAF

Dear Mr. Mazursky:

This is in reference to the request filed on August 10, 2022. MRP requests a further extension of the STA granted on July 24, 2020, to continue operating from the WTOX(AM) site to allow time to file the required FCC Form 302 application to obtain a new license.¹ In support of the request, MRP stated that it remains in the process of completing all remaining construction to triplex the new antenna system onto the existing WBTL/WULT tower in order to file the application to cover BP-20210617AAA.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is **HEREBY GRANTED**, and MRP may continue to operate with the following facilities:

Geographic coordinates 37° 40' 56" N, 77° 33' 50" W (NAD 1927)

¹ WVNZ(AM) is licensed for DA operation on 1320 kHz with 5 kW (day) and 0.008 kW (night), and BP-20210617AAA authorizes ND operation with 0.72 kW day and 0.014 kW night, using the existing WBTL/WULT tower.

Frequency	1320 kHz
Hours of operation	Daytime only
Operating power	0.3 kilowatt (daytime)
Antenna type	Existing WTOX(AM) tower
Overall height of tower	51.6 m AGL
Electrical height of radiator	80.4 degrees
Antenna efficiency	293.05 mV/m/kW at 1 km

MRP must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **February 17, 2023**.

Sincerely,

Joseph Szczesny, Engineer
