Re: Plymouth Rock Broadcasting Co. Inc. (PRB)  
WPLM(AM), Plymouth, MA  
Facility Identification Number: 52837  
Special Temporary Authority (STA)  
BESTA-20220916AAD

Dear Dr. Campbell:

This is in reference to the request filed on September 16, 2022. PRB requests a further extension of the STA granted on October 9, 2015, to continue operating day and night using the nighttime DA pattern with reduced power to allow time to complete repairs and then file the required FCC Form 302 application to update all operating parameters.<sup>1</sup> In support of the request, PRB states that additional time is needed to file the 302 application, or to file an FCC Form 301 application to propose a new ND operation with reduced power.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and PRB may continue to operate day and night with DA parameters at variance using the licensed nighttime directional antenna pattern with a maximum of 2.5 kW, while maintaining all day and night monitor points within licensed maximums. PRB must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

---

<sup>1</sup> WPLM(AM) is licensed for DA operation on 1390 kHz with 5 kW day and night, using different patterns.

This authority expires on **March 18, 2023**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with the first name "Joe" written in a larger, more prominent script than the last name "Szczesny".
