

Federal Communications Commission Washington, D.C. 20554	Approved by OMB 3060-0386 (July 2002)	FOR FCC USE ONLY
Extension of Existing Engineering STA Read Instructions/FAQ before filling out form		FOR COMMISSION USE ONLY FILE NO.

Section I - General Information

1.	Legal Name of the Applicant Broadcast Industry Group, LLC		
	Mailing Address 920 Edison Ave, Suite 4		
	City Benton	State or Country (if foreign address) AR	Zip Code 72015
	Telephone Number (include area code) 480-747-5330		E-Mail Address (if available) <small>Jay@ArkansaRocks.com</small>
	FCC Registration No 0028333219	Call Sign KLRG	Facility ID Number 14053
2.	Contact Representative (if other than licensee/permittee) Barry A. Friedman		Firm or Company Name Thompson Hine LLP
	Mailing Address 1919 M Street, Suite 700		
	City Washington	State or Country (if foreign address) DC	ZIP Code 20036
	Telephone Number (include area code) 202-331-8800		E-Mail Address (if available) <small>BarryFriedman@Thompsonhine.com</small>
3.	Purpose: <input type="radio"/> Engineering STA <input checked="" type="radio"/> Extension of Existing Engineering STA File Number: BESTA-20220322AAE <input type="radio"/> Legal STA <input type="radio"/> Extension of Existing Legal STA		
4.	Service: AM		
5.	Community of License: City: Sheridan State: AR		
6.	If this application has been submitted without a fee, indicate reason for fee exemption (see 47 C.F.R. Section 1.1114): <input type="radio"/> Governmental Entity <input type="radio"/> Noncommercial Educational Licensee/Permittee <input type="radio"/> Other <input checked="" type="radio"/> N/A (Fee Required)		
7.	Environmental Protection Act. The proposed facility is excluded from environmental processing under 47. C.F.R. Section 1.1306 (i.e., The facility will not have a significant environmental impact and complies with the maximum permissible radiofrequency electromagnetic exposure limits for controlled and uncontrolled environments). Unless the applicant can determine compliance through the use of the RF worksheets in Appendix A, an Exhibit is required. By checking "Yes" above, the applicant also certifies that it, in coordination with other users of the site, will reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic exposure in excess of FCC guidelines.		<input checked="" type="radio"/> Yes <input type="radio"/> No See Explanation in [Exhibit 33]

8.	Please explain in detail the "extraordinary circumstances" which warrant temporary operations at variance from the Commission's Rules. In addition, please specify 1) the specific rules and/or policies from which the applicant seeks temporary relief; 2) how the public interest will be furthered by grant; and 3) the expected duration of the STA and the licensee's plan for restoration of licensed operation. If requesting variance with other than authorized technical facilities, please specify the exact facilities sought.	[Exhibit 34]
9.	Anti-Drug Abuse Act Certification. Applicant certifies that neither applicant nor any party to the application is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.	<input checked="" type="radio"/> Yes <input type="radio"/> No

I hereby certify that the statements in this application are true, complete, and correct to the best of my knowledge and belief, and are made in good faith. I acknowledge that all certifications and attached Exhibits are considered material representations.

WILLFUL FALSE STATEMENTS ON THIS FORM ARE PUNISHABLE BY FINE AND/OR IMPRISONMENT (U.S. CODE, TITLE 18, SECTION 1001), AND/OR REVOCATION OF ANY STATION LICENSE OR CONSTRUCTION PERMIT (U.S. CODE, TITLE 47, SECTION 312(a)(1)), AND/OR FORFEITURE (U.S. CODE, TITLE 47, SECTION 503).

Exhibits

Exhibit 34

Description:

Please see attached Exhibit 34

Broadcast Industry Group, LLC.
Radio Station: KLRG
Extension of Existing Engineering STA: BSTA-20210322AAF
Exhibit 34

Reason for STA Renewal:

We have made all of the Listed Repairs after the purchase of KLRG:
Repairs to the Building including new A/C Units, Electrical Wiring and grounding;
Antenna Tuning Unit has been repaired.
The Tower has been Re-lamped, painted.
New Tower Lighting Monitoring Equipment installed.
New Fencing around the Tower Base and All New Signage installed all around the tower site.
Nautel NX-50: All Power Modules have been rebuilt and Transmitter Operation restored to 50kw.

Problems Remaining:

Transmission Line: The transmission Line between the Transmitter Building and the Antenna Tuning Unit located at the base of the tower. After restoring the Nautel Transmitter to full power of 50kW, possible electrical short arc was occurring underground with surface water standing near the tower base. Apparently the transmission line was not maintained with constant pressure to avoid water condensation from building up the lowest part of the underground transmission line.

Weather Related Delays in making repairs to; Transmission Line due to recent rains.

We have tower crews ready to dig up the transmission line once the water has dried up and receded. The Line will be drained and dried out and all line connector seals will be replaced and dehydration system installed to prevent water condensation.

This corrective action should be the final step to restoration of KLRG from years of neglect prior to our company's purchase of KLRG in 2019.

C. Jayson Brentlinger
Owner / Consulting Broadcast Engineer
