Re: Capital Broadcasting, Inc.  
WGDJ (AM), Rensselaer, New York  
Facility Identification Number: 40768  
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed April 18, 2008, on behalf of Capital Broadcasting, Inc. ("CBI"), for extension of the special temporary authority ("STA") granted to former licensee Regent Broadcasting of Albany, Inc., on October 18, 2007, to operate Station WGDJ (formerly WTMM) with parameters at variance and/or reduced power while maintaining monitor points within licensed limits.<sup>1</sup> In support of the request, CBI states that it acquired Station in early February, 2008, and that Application BML-20080125AEO remains pending.

Our review indicates that Application BML-20080125AEO was granted on April 22, 2008. Thus, the basis for the original STA is no longer present, and the requested extension of STA is no longer necessary<sup>2</sup>.

Accordingly, the request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer

<sup>1</sup> WGDJ is licensed for operation on 1300 kHz with 5 kilowatts daytime and 5 kilowatts nighttime, employing different directional antenna patterns daytime and nighttime (DA-2-U). Construction Permit BP-20080305ADS authorizes an increase in power to 10 kW daytime and 8 kW nighttime.

<sup>2</sup> We note that CBI has applied for and received a construction permit to increase its daytime and nighttime operating power (*See Note 1*); implementation of the newly authorized modifications may require the filing of a new request for STA.
