Re: Construction Permit Expiration  
DK24LT-D, Palm Springs, CA  
Facility ID No. 184237  
File No. BNPDTL-20100202AAV

Dear Former Permittee:

This is with respect to the expired construction permits listed above. Commission records indicate that the construction permit for the facility expired on March 27, 2022, and you failed to file an application for license to cover by that date. Section 74.788(b) of the Commission's rules states that:

Any construction permit for which construction has not been completed and for which an application for license or extension of time has not been filed, shall be automatically forfeited upon expiration without any further affirmative cancellation by the Commission.<sup>1</sup>

As such, the construction permit has been automatically forfeited.

Accordingly, pursuant to sections 74.788(b) of the Commission's rules,<sup>2</sup> the construction permit for the station referenced above has **AUTOMATICALLY FORFEITED** and the call signs have been **DELETED**.<sup>3</sup> All authority to construct the station has been **TERMINATED**. All pending applications will also be **DISMISSED**.

Sincerely,

/s/

Mark Colombo
