Re: Bustos Media Holdings, LLC (BMH)  
KGDD, Portland, OR  
Facility Identification Number: 71752  
Special Temporary Authority (STA)  
BESTA-20221012AAF

Dear Mr. Bustos:

This is in reference to the request filed on October 12, 2022. BMH requests a final extension of the STA granted on July 13, 2017, to continue operating from an alternate site due to loss of the licensed site (to allow time to file a formal license cancellation request).<sup>1</sup> In support of the request, BMH stated that it plans to file a formal request to cancel the KGDD license after the new license for KXET(AM) has been granted and the translator station K228EU has been reassigned to rebroadcast KXET.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and BMH may continue to operate with the following facilities:

Geographic coordinates	45°31' 09"N, 122° 36' 32" W (NAD 27)
Frequency	1150 kHz
Hours of operation	Day and Night
Operating power	0.01 kW maximum
Antenna type	Whip antenna (18 feet in length)

---

<sup>1</sup> KGDD(AM) is licensed for ND operation on 1150 kHz 5 kW (day) and 0.01 kW (night).

Efficiency

24.7 mV/m/kW/km

BMH must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310. BMH must submit an e-mail to my attention with the formal request to cancel the license, after the new KXET license has been granted.

This authority expires on **April 16, 2023**.

Sincerely,
