Re: Pham Radio Communication LLC (PRC)
KVVN(AM), Santa Clara, CA
Facility Identification Number: 28438
Special Temporary Authority (STA)
BESTA-20221004AAB

Dear Mr. Pham:

This is in reference to the request filed on October 4, 2022. PRC requests a final extension of the STA granted on September 29, 2020, to continue operating ND with reduced power to allow time to file the required FCC Form 302 applications for KVVN and KLIV (due to the addition of station KLIV to the transmitter site).¹ In support of the request, PRC stated that additional time will be needed to complete the KLIV installation and file both applications to obtain new licensed operating parameters for both stations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and PRC may continue to operate ND with a maximum of 0.25 kW day and 0.625 kW night. PRC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. PRC must submit a brief e-mail to my attention to note the date the applications were filed with the audiofilings team to verify no further STA operation will be needed for either station.

¹ KVVN(AM) is licensed for DA operation on 1430 kHz with 1 kW day and 2.5 kW night, using different patterns.

This authority expires on **April 20, 2023**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large initial "J" and "S".
