Re: Truth Broadcasting Corporation (TBC)
WHVN(AM), Charlotte, NC
Facility Identification Number: 72331
Special Temporary Authority (STA)
BESTA-20221102AAD

Dear Mr. Epperson:

This is in reference to the request filed on November 2, 2022. TBC requests a further extension of the STA granted on September 24, 2020, to continue operating from an alternate site to allow time to file the required FCC Form 301 application to propose a new permanent facility.¹ In support of the request, TBC stated that it will require additional time to file the application (due to loss of the licensed site).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is hereby GRANTED, and TBC may continue to operate with the following facilities:

Geographic coordinates	35° 15' 50" N, 80° 46' 13" W (NAD 1927)
Frequency	1240 kHz
Hours of operation	day and night
Operating power	0.6 kW
Antenna type	Single wire unipole system
Electrical height of radiator	68 degrees
Antenna efficiency	291.4 mV/m/kW at 1 km

¹ WHVN(AM) is licensed for ND operation on 1240 kHz using 1 kW, day and night.

TBC must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310.

This authority expires on **May 9, 2023**.

Sincerely,
