Re: IHM Licenses (IHM)  
WAAX(AM), Gadsden, AL  
Facility Identification Number: 22996  
Special Temporary Authority (STA)  
BESTA-20221121AAH

Dear Mr. Langham:

This is in reference to the request filed on November 21, 2022. IHM requests a further extension of the STA granted on October 14, 2020, to continue operating ND at night with reduced power to allow time to file the required FCC Form 302 application.<sup>1</sup> In support of the request, IHM stated that additional time is needed to repair an access road, replace a damaged transmission line, and determine if any other repairs are needed (before filing the application to update all operating parameters).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and IHM may continue to operate ND at night using the daytime tower with a reduced power of 0.125 kW, with no changes to the daytime 5 kW ND operation. IHM must reduce the nighttime power or cease operation if complaints of interference are received, and use whatever means are necessary

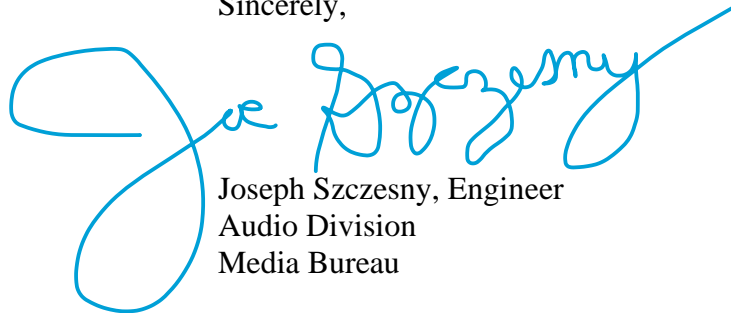

---

<sup>1</sup> WAAX(AM) is licensed for operation on 570 kHz with 5 kW ND daytime, and 0.5 kW DA nighttime.

to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. IHM must submit an e-mail to my attention to note the date the application was filed with the AudioFilings team. Otherwise an e-mail must be submitted to note the date the station resumed operations per BZ-19790213AA with negligible changes to all engineering parameters (to verify licensed operation has been properly restored).

This authority expires on **May 27, 2023**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny", with a large loop at the end of the signature.

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau

PS: Carrie Rimmer, IHM (via e-mail only)
