Re: Perry Broadcasting Systems (PBS)  
WBSG(AM), Lajas, PR  
Facility Identification Number: 53629  
Special Temporary Authority (STA)  
BESTA-20221130AAD

Dear Mr. Cruz:

This is in reference to the request filed on November 30, 2022. PBS requests a further extension of the STA granted on September 20, 2019, to continue operating with DA parameters at variance to allow time to file the required FCC Form 302 application to update all operating parameters.<sup>1</sup> In support of the request, PBS stated that its engineer needs more time to complete measurements in the upcoming months in order to then prepare and file the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and PBS may continue to operate with the licensed 1 kW pattern day and night with DA parameters at variance (and reduced power if needed) while maintaining all monitor points within licensed

---

<sup>1</sup> WBSG(AM) is licensed for DA operation on 1510 kHz with 1 kW (day and night using the same pattern).

limits. PBS must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. PBS must submit an e-mail to my attention to note the date the application was filed with the AudioFilings team to verify no further temporary operation will be needed.

This authority expires on **June 8, 2023**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large loop at the beginning and a long, sweeping tail.
