Hi Son.

My client, Bethel Broadcasting, is the licensee of KYUK(AM) in Bethel AK. They recently filed a minor mod application (File No. BP-20221122AAF) to replace the station's tower but now realize that they cannot locate a copy of the station's current accurate technical license (CDBS File No. BL-19970523AB), which was granted back in May of 1998.

Because CDBS is generating the an inaccurate version of the electronic license, by this email I am requesting that KYUK(AM)'s license be reissued electronically with accurate parameters from the old paper copy in the Commission's records if that is possible.

Thanks in advance for all your help.

Brad
