RE: **Request to Extend Engineering Special Temporary Authority**

KSDO San Diego, CA
FACID: 51166
BESTA-20220617AAA

Dear Madam Secretary:

On behalf of Hi-Favor Broadcasting LLC, licensee, you are respectfully requested to extend special temporary authority for station KSDO to continue operation from an alternate tower site at 2500 watts ND with a drop wire antenna due to loss of licensed tower site.

During this STA period, the Commission granted an application for construction permit specifying a new tower site (File No. BP-20220627AAH, granted October 12, 2022).

In preparation to construct authorized facilities, the tower site landlord will commence a tower structural study and evaluate de-tuning the main (KLSD) tower.

Continued STA is in the public interest so that the station may continue to broadcast important information to its listening audience until repairs may be completed.

Applicant certifies that neither applicant nor any party to the application is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.

Please address any questions concerning this matter to the undersigned.

Sincerely,

John S. Neely
