Re: Estrella Radio License of Houston LLC  
(ERLH)  
KEYH(AM), Houston, TXT  
Fac. ID No.: 2911  
Special Temporary Authority (STA)  
BESTA-20221212AAE

Dear Mr. Kei:

This is in reference to the request filed on December 12, 2022. ERLH requests a further extension of the STA granted on December 15, 2021, as modified to operate using an existing tower at an alternate site to allow time to file the required FCC Form 301 application for a new permanent facility.<sup>1</sup> In support of the request, ERLH stated that additional time will be needed to prepare and file the application (due to redevelopment of the old licensed site).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and ERLH may use the following modified facilities:

Geographic coordinates	29° 49' 32" N, 95° 22' 35" W (NAD 1927)
Frequency	850 kHz
Hours of operation	Daytime only
Operating power	0.10 kW
ASRN	1323158
Antenna Efficiency	307 mV/m at 1km for 1 kW

---

<sup>1</sup> KEYH(AM) is licensed for DA operation on 850 kHz with 10 kW day and 0.185 kW night, using the same pattern..

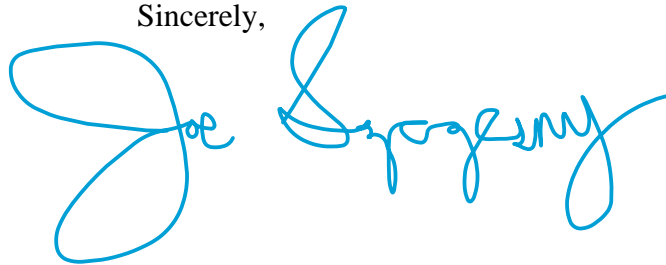

Antenna type

Grounded, self-supporting tower, 75.9 meters overall, shunt fed 10 feet above ground.

ERLH must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **June 26, 2023**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with the first name "Joe" being larger and more prominent than the last name "Szczesny".

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau
