

## REQUEST FOR SPECIAL TEMPORAY AUTHORITY

Pittsburgh Public Media, a 501 (c)3 entity, respectfully requests Special Temporary Authority to operate WZUM(AM), FI 68903, Braddock, PA with 380 watts for the next 180 days.

On or about December 20, 2022, the station's transmitter failed, allowing the station to operate with only 380 watts daytime. Replacement parts are no longer available. Consequently, a new transmitter has been ordered but the wait time is approximately 4 months.

Therefore, the licensee respectfully requests Special Temporary Authority to operate WZUM with 380 watts non-directionally for the next 180 days.
