Re: IHM Licenses, LLC (IHM)
(YPBC)
WOR(AM), New York, NY
Facility Identification Number: 7710
Special Temporary Authority (STA)
BESTA-20230103AAA

Dear Mr. Langham:

This is in reference to the request filed on January 3, 2023. IHM requests an extension of the STA granted on July 8, 2022, to continue operating with temporary parameters to allow time for our staff to take further action on BZ-20220906AAD due to the addition of the FM antenna for station WXBK.¹ In support of the request, IHM stated that additional time will be needed pending grant of the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and IHM may continue to operate with DA parameters at variance (with reduced power if needed) pending further action on BZ-20220906AAD. IHM must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **July 5, 2023**.

¹ WOR(AM) is a Class A station licensed for DA operation on 710 kHz with 50 kW, using the same pattern day and night.

Sincerely,
