Subject: RE: [EXTERNAL]: WZUM(AM), FI 68903, Braddock, PA Request for Special Temporary Authority

Hi Joe:

This to officially request that you reissue BZ-20180829ABH to

1. Remove all the incorrect critical hours information (since there is no critical hours pattern for this station) and
2. That you add the ground system information that is missing; a standard 120 radials, 2 deg apart for a 360 deg distribution from the base of the tower.

If you need additional information, please let me now.

Thanks,

Allan
