Re: IHM Licenses, LLC. (IHM)
WCKY(AM), Cincinnati, OH
Facility Identification Number: 51722
Special Temporary Authority (STA)
BESTA-20230224AAD

Dear Mr. Langham:

This is in reference to the request filed on February 24, 2023. IHM requests a further extension of the STA granted on January 15, 2020, to continue operating Class A station WCKY with an ND antenna at night to allow time to complete repairs and then file the required FCC Form 302 application.¹ In support of the request, IHM stated that additional time will be needed to complete all remaining repairs due to weather related delays and staff availability.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and IHM may continue to operate ND at night using tower #1 with a maximum power level of 12.5 kW, with no change to the licensed daytime 50 kW ND operation. IHM must reduce the nighttime power further or cease nighttime operations if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. IHM must submit an e-mail to my attention to note the date the FCC Form 302 application was filed to verify all engineering parameters. Otherwise an e-mail must be submitted to confirm the date the station was able to

¹ WCKY(AM) is licensed for operation on 1530 kHz with 50 kW (ND day and DA night).

resume licensed operations (per BZ-20100525AFJ) with negligible changes to all engineering parameters.

This authority expires on **September 6, 2023**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer
