Re: Stu-Comm, Inc.
WRJR(AM), Claremont, VA
Facility Identification Number: 68741
BML-20220906AAA

Dear Mr. Conn

This letter is in reference to the above-captioned modification of license application (BML-20220906AAA) to change WRJR's operating status from a commercial to a non-commercial station.

A review of the modification of license application reveals that WRJR is also proposing to reduce their daytime power from 20 kW to 12.12 kW. However, changes to the daytime power can only be made by filing a minor change application (FCC Form 301) as required by 47 C.F.R. § 73.3538(a)(1).

In light of the above, either an amendment to BML-20220906AAA must be filed specifying the licensed daytime power of 20.0 kW or a minor change application must be filed to reduce the daytime power.

Further action on the subject application will be withheld for a period of thirty days from the date of this letter to provide you an opportunity to reply. Failure to respond within this time period will result in the dismissal of the application pursuant to 47 C.F.R. § 73.3568(b).

Sincerely,

A handwritten signature in blue ink, appearing to read "Son Nguyen".
