Description:

The FCC granted a construction permit for WHBO to make permanent changes to its licensed facilities on May 6, 2022, File No. BP-20220202AAH. The current STA extension, File No. BESTA-20220913AAB, was granted on September 15, 2022.

Since the grant of the most recent STA extension, our consulting engineer has visited the transmitter site and has finalized the design for the nighttime antenna pattern phasing system.

The public interest, convenience and necessity will be well served by a grant of this STA extension request, which will permit WHBO to continue operations while the changes authorized in the above-referenced construction permit are implemented.
