RE: **Request to Extend Engineering STA**
WDMJ(AM) Marquette, MI
FACID: 24448

Dear Madam Secretary:

On behalf of AMC Partners Escanaba, LLC, licensee of the above-referenced station, you are respectfully requested to extend special temporary authority for station WDMJ to operate with a shorter replacement tower and reduced power day and night following a tower collapse and reconstruction at a lower overall antenna height.

During the most recent STA period, the station prepared and filed a construction permit application in preparation for licensed facilities with an overall reduced antenna height: File No. BP-20230324AAG, pending.

Continued STA is requested in the public interest so that the station may broadcast important information to its listening audience until transmitter repairs may be completed.

Applicant certifies that neither applicant nor any party to the application is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.

Please address any questions concerning this matter to the undersigned.

Sincerely,

John S. Neely
