Re: Tyler Media, LLC (TM)
KOKC (AM), Oklahoma City, OK
Facility Identification Number: 73981
Special Temporary Authority (STA)
BESTA-20230503AAE

Dear Mr. Tyler:

This is in reference to the request filed on May 3, 2023. TM requests a final extension of the original STA granted on January 17, 2012, to continue operating ND with reduced power to allow time to file the required FCC Form 302 application.¹ In support of the request, TM stated that it plans to complete all remaining work within the next 60 days in order to then prepare and file the application with a new MOM nighttime proof.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and TM may continue to operate with the following facilities:

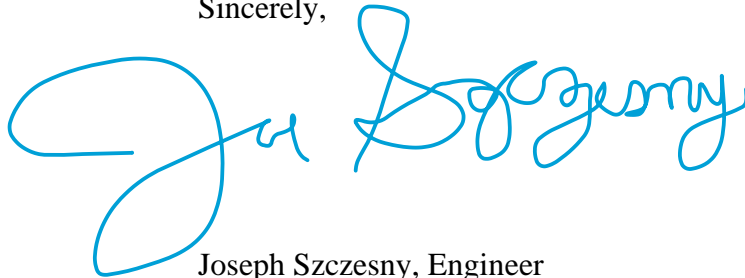

¹ KOKC is a Class A station licensed for 50 kW (daytime ND and nighttime DA) operation on 1520 kHz, and BP-20220203AAB authorizes use of a new 50 kW ND day and DA night facility, using three shorter towers.

Geographic coordinates	35° 20' 01" N, 97° 30' 18" W (NAD 1927)
Frequency	1520 kHz
Hours of operation	Unlimited
Operating power	10 kW (Unlimited)
Antenna type	new shorter tower constructed in 2015
Overall tower height	59 m
Radiator height.	57.9 m
Antenna efficiency	316 mV/m/km/KW

TM must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR 1.1310.

This authority expires on **November 29, 2023**.²

Sincerely,

Joseph Szczesny, Engineer
Audio Division
Media Bureau

cc: John C. Trent, Esq., PHT PC (via e-mail only)

²Periods of operation pursuant to this STA shall be recorded in the station's records (see 47 CFR § 73.1820). The records shall include start/stop dates and times of such operation. These log entries must be maintained for a minimum of two years as specified in 47 CFR § 73.1840(a), unless a longer retention period is requested by the staff. Periods of operation may be subject to independent verification that they in fact occurred.
