BNPED-20071019 AHF

Dear Applicant:

This letter refers to the above-captioned application for a new non-commercial educational FM facility to serve Hope, ID.

An engineering review of the application reveals that the application fails to comply with 47 C.F.R. § 73.525 with respect to TV Channel Six KHQ-TV, Spokane, WA. Specifically, our calculations show that there is predicted interference within the Grade B contour of KHQ. The applicant failed to provide the population within this interference area. This constitutes an acceptance defect.

In light of the above, Application BNPED-20071019AHF is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,
