Dallas, Texas 75233

Re: K43AG, Ridgecrest, California
File No. BLTTL-20081222ABE
Facility ID No. 34284

Dear Mr. Gomez

Commission records show Iglesia Jesucristo Es Mi Refugio (“Iglesia”) filed the above-referenced application for a license to cover the construction of low power television station K43AG, Ridgecrest, California on a tower (ARN 1055200) at coordinates 34-55-3 N. and 117-31-10 W. That application was granted on January 12, 2009. The Commission has now received a complaint that the tower specified in the license application was never constructed and that Iglesia has not yet built a transmission facility.

Based on the foregoing, we hereby rescind our grant of the license application. In addition, as part of our ongoing investigation of this matter, we require certain information regarding the construction and recent operations of K43AG. This information must be supported by affidavit of you or your agent with personal knowledge thereof. We request that the following documents and information be provided within fifteen (15) business days from the date of this letter:

- (1) Was K43AG constructed and operated in accordance with all terms, conditions and obligations set forth in your construction permit? If so, provide documentation establishing the dates on which K43AG operated, such as a copy of any lease agreements for use of the authorized transmitter site, agreements regarding the construction of K43AG, and affidavits of persons responsible for the construction and continuing operation of the station. You must also provide the name and telephone number of the contact person for the transmitter site.
- (2) If K43AG was not constructed and operated in accordance with all terms, conditions and obligations set forth in your construction permit, identify all persons who took part in the decision to file the license application, and explain the basis for the decision to file a license to cover the construction of

a facility that was not actually constructed. Also provide any written materials, including correspondence, notes and email messages that pertain to the filing of the license application.

Failure to provide the following information, supported by the affidavit of a person with personal knowledge, may result in cancellation of the station.

Sincerely,

Hossein Hashemzadeh
