Auburn, AL 36830

In re: WQNR (FM), Tallassee, AL  
Tiger Communications, Inc.  
Facility ID No. 68310  
Application File No: BPH-20060913ACA

Dear Mr. Hayley:

This letter is in reference to the above-captioned application to relocate from the present licensed transmitter site of WQNR.<sup>1</sup>

This application was filed two days after application BPH-20060911AAY for WKGA (Facility ID. No. 15283), Dadeville, AL and conflicted with the earlier filed application. Under the Commission's processing system for FM commercial minor change applications, FM commercial minor change applications are processed on a first come / first served basis. Later filed applications are "held in queue" behind the first-filed or lead application.<sup>2</sup> If the lead application is granted, the queue is dissolved and the queue applications are dismissed; if the lead application is dismissed, then the first queue application (the application filed closest in time after the lead application) is processed.

In the present instance, the staff granted the lead application BPH-20060911AAY on November 20, 2006. As a result, the first come / first served queue is dissolved. Application BPH-20060913ACA, as a part of that queue, IS DISMISSED.

Sincerely,

Dale E. Bickel  
Senior Engineer  
Audio Division  
Media Bureau

cc: Putbrese, Hunsaker and Trent, P.C.

---

<sup>1</sup> This application was intended to replace construction permit BPH-20010618AAS, which expired on September 11, 2006.

<sup>2</sup> See the *Report and Order* in MM Docket 84-750, 50 FR 19936 (May 13, 1985). All FM commercial minor change applications filed after the close of the "universal window" (June 13, 1985 to July 12, 1985) are treated on a first come / first served basis.
