Dear Mr. Habib,

Per our telephone conversation, I am attaching a copy of the electronically filed STA application for KRDT-CA. This request was filed on February 19, 2008. As you can see, the licensee, Family Stations, Inc., is a noncommercial broadcaster and so no filing fee is required.

I have also spoken to the licensee and they are trying to shut the station down your conversation with them last week. However, they must access the transmitter site which is on the top of a mountain and they can not reach it yet due to weather issues but are still trying. They will continue trying and will get it shut down as soon as possible.

Please feel free to contact me with any further questions.

Regards,  
Michelle
