Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility construction permit was filed as a Minor Change to modify the analog license BLTTL-20040617AAS to a digital facility for Channel 27, Paris, Texas. The facility can not be changed to a digital facility by filing a minor change to an analog license facility, you are required to file a digital flash cut application for this purpose; therefore, the above referenced application IS HEREBY DISMISSED.
