In re: NEW(FM), Alpena, MI
All Saints School
Facility ID No.: 171725
BNPED-20071022AEG

Dear Applicant:

This is in reference to the above-captioned application for a new FM station to serve Alpena, Michigan on Channel 206A.

The proposal would receive prohibited contour overlap, in violation of 47 C.F.R. § 73.509(a), from the Construction Permit facility (File No. BPED-20070907AGB) of first adjacent channel Class C1 FM Station WTLI(FM), Bear Creek Township, Michigan (Facility ID No.: 84479) on Channel 207C1. Specifically, the proposed 60 dBu protected contour would be overlapped by WTLI's 54 dBu interfering contour by as much as 14.64 kilometers. Accordingly, Application File No. BNPED-20071022AEG is unacceptable for filing and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely

Arthur E. Doak
